Additional Report Recipient Fax / Email

Statement of Medical Necessity
I confirm the testing ordered herein is medically necessary, will inform the patient's ongoing treatment plan, and this patient has been informed of the details of the genetic test(s) ordered including the risks, benefits, and alternatives, and has consented to testing as many be required by law, including NY CV 79-1, as applicable. I authorize the referral of this patient to a third-party genetic counseling service if required by the patient's insurance provider. I hereby authorize the pathology laboratory to release the patient's specimen to Natera.

Ordering Clinician / Authorized Signature **Date**

Test Selection

☐ First test order ☐ Follow-up testing order

MRD Test Options

Used for molecular residual disease testing to monitor the presence or absence of disease over time.

Once a patient's first test order has been placed, the selected assay design cannot be changed per Natera's policy. Subsequent draws will be performed on the patient's previously designed Signatera™ assay. For discussion of assay redesign or multiple primaries, please contact Natera.

1. Which MRD test is needed today?

☐ **Signatera™** Designed on Exome

OR

☐ **Signatera™** Designed on Genome*
Not available for samples from New York

2. What is the desired blood draw cadence?

For follow-up testing, cadence update is optional. Cadence selections are valid for 12 months from the date of the order.

- ☐ Every 4 weeks
- ☐ Every 6 weeks
- ☐ Every 8 weeks
- ☐ Every 3 months
- ☐ Every 6 months
- ☐ MRD & Recurrence Monitoring Recommended Schedule
- ☐ Single Draw

3. Would you like to reflex to tissue-free?

☐ Reflex to **Latitude™** Tissue-free

Colorectal cancer patients only.
Not available for samples from New York

If tissue for Signatera™ is insufficient or fails, test will be converted to Latitude™.

Tumor Genomic Profile

Used at diagnosis, progression, and to identify clinical trial eligibility.

☐ **Altera™**

Tissue-based whole exome DNA (inclusive of MSI and TMB)
Includes whole transcriptome RNA sequencing and IHC for PD-L1 22C3 and HER2**

(Samples from New York will not include IHC)

Hereditary Cancer Screening

Used to identify germline variants that cause hereditary cancer.

☐ **Empower™**

Select one base test:

- ☐ *BRCA1 & BRCA2*
- ☐ Lynch Syndrome (*MLH1, MSH2, MSH6, PMS2, EPCAM*)
- ☐ Other Panel ID: _____

Select one additional test: (optional)

- ☐ Multi-Cancer (40 genes total)
- ☐ Comprehensive (81 genes total)
- ☐ Breast STAT (10 genes) + Comprehensive. Can only be ordered with the *BRCA1/2 test*

Cancer History & Treatment

Clinical history is required for first time orders of Signatera™, Latitude™, and Altera™.
For follow-up testing, only complete if cancer subtype has changed.

ICD-10 codes are required for all test orders.

Cancer type (select one) *Additional primary cancers require a separate form.*

- ☐ Bladder ☐ Lung ☐ Endometrial
- ☐ Breast ☐ Melanoma ☐ Lymphoma
- ☐ Colorectal ☐ Ovarian ☐ _____

ICD-10 Codes: www.natera.com/icd10codes
Common for surveillance: Z85.038, Z85.048, Z85.51, Z85.54, Z85.3

Required for MRD & Recurrence Monitoring Tests
When was the surgery to cure/remove tissue? (mm/dd/yy)
/ /

Subtype (if applicable)	Date of diagnosis (mm/dd/yy) / /
Stage ☐ I ☐ II ☐ III ☐ IV	History of recurrence or metastasis? ☐ Yes ☐ No

Current treatment(s) include:

- ☐ Immunotherapy / ICI, Drug Name: _____
- ☐ Chemotherapy ☐ Radiation
- ☐ None/NED

This form continues on the back

Billing

For follow-up testing, complete only if insurance has changed.

Bill to
☐ Medicare ☐ Other Insurance ☐ Clinic ☐ Self-Pay
↳ ☐ Outpatient ☐ Inpatient, discharge date: ___/___/___

Primary Insurance Name	Member ID
Group Number	Prior Authorization Number

State	Zip code	Patient Email Address	Patient Phone Number ( )
Authorized Contact Phone Number ( )	Authorized Contact Name (if applicable)		

Sample Retrieval

For tissue guidelines, please visit natera.com/tissueguidelines

I want ☐ Blood (default) ☐ Saliva (Empower only) to be collected by:
☐ Natera (default)
☐ Our clinic will collect the first draw, Natera will collect follow-up draws
☐ Our clinic

I want tissue to be acquired by:
☐ Natera (default)
☐ Our clinic will coordinate shipping of samples to Natera.

Lab Name: _____
Accession # / Block #: _____
Tissue Collection Date: ___/___/___

Tissue acquisition cannot occur without an attached pathology report

Empower™ *(continued from front, if applicable)*

Please attach your most recent progress/clinical notes or send them to oncologyCE@natera.com. These are often required for insurance coverage.

Patient Complete Cancer History (include all cancer and age at Dx)

☐ Patient has no personal history of cancer (Skip to Family History)
☐ Patient has had genetic testing for hereditary cancer (if yes, attach report)

Cancer / Tumor Type			Age at Dx
☐ **Breast**	☐ DCIS ☐ Invasive Ductal ☐ Invasive Lobular	☐ Triple negative (ER-, PR-, HER2-) ☐ High-Risk HER2-** ☐ Metastatic	
☐ **Ovarian**	☐ Non-epithelial		
☐ **Prostate**	☐ Metastatic	☐ Intraductal/Cribriform	
☐ **Pancreatic**			
☐ **Endometrial/Uterine**			
☐ **Colon/Rectal**			
☐ **Stomach**			
☐ **Hematologic malignancy (Leukemia/Lymphoma)**	☐ Active ☐ No evidence of disease		
☐ **Other Cancer(s):** _____			

Other Information

☐ Colon polyps, Number of polyps: _____

If tumor screening was performed, select all that apply:
☐ MSI high? If yes, cancer type tested: _____
☐ Mismatch Repair (MMR) proteins absent on IHC? Result: _____

** See NCCN.org for the definition of high-risk disease

Family History of Cancer

☐ Patient has no known family history of cancer
☐ Limited family structure (adopted or less than two 1st/2nd degree relatives living past age 45 years old
☐ Check this box if any below relatives are willing to be tested

Relationship	Maternal / Paternal		Cancer Site(s)	Age at Dx	Deceased?

☐ No

Patient Acknowledgment

I have been informed of and understand the details of the test ordered herein for me by my/my child's health care provider, including the risks, benefits, and alternatives, and have consented to testing. I understand that the test results may inform me of a medical condition that may require medical follow-up. I also understand that a negative result does not rule out the possibility of such medical condition. I authorize Natera or other provider to share the information on this form and my/my child's test results with my/my child's insurer/health plan ("plan") on my/my child's behalf, with all benefits of my/my child's plan made payable directly to Natera or other provider. I understand that I am responsible for (a) costs not paid by my/my child's plan directly to Natera for tests ordered, including, without limitation, any copayments, deductibles, or amounts deemed 'patient responsibility' and (b) any amounts paid to me by my/my child's plan. This testing will not be covered by my/my child's plan if it is outside of the plan's coverage guidelines or deemed not medically necessary – (e.g. where prior authorization is required but not obtained) and I will be responsible for the cost of such testing. I assign to Natera the right to appeal on my/my child's behalf negative coverage decisions made by my/my child's plan and to assert all rights and claims reserved to me/my child as the beneficiary thereof. The information obtained from my/my child's tests may be used in scientific research, publications or presentations, but my/my child's specific identity will not be revealed. Natera may contact my/my child's healthcare provider to obtain more information regarding clinical correlation and confirmatory testing. My/my child's leftover samples may be de-identified, including those specimens obtained from other institutions with my consent, and used for research and development. I and my heirs will not receive payments, benefits, or rights to any resulting products or discoveries. If I do not want my/my child's samples used for research and development purposes, I will send a request in writing to Natera Sample Retention Department at the address on page 1 within 60 days after test results have been issued and my/my child's samples will be destroyed.

By my signature I acknowledge that I have read and agreed to the following and to the Patient Acknowledgment for testing.

New York residents must check this box ☐ and sign below to permit Natera to use their samples for research and development; otherwise, their samples will be discarded within 60 days of testing.
By providing the information included herein, I understand and agree I may be contacted via, e.g., e-mail, or cellular or home phone, by text message, automatic telephone dialing system, or computer assisted technology for treatment options, billing/collection matters, and health-related products, services, or studies. I understand that my treatment, payment, enrollment, or eligibility for benefits is not conditioned on my providing such consent, and I may opt out at any time or by checking this box ☐. I hereby authorize Natera, Inc. to obtain my/my child's pathology specimens.
